

A History of Success

In 1925, Lawyers Title was founded in Richmond, Virginia. From humble roots in the Jazz Age, we withstood the Great Depression and ranked among America's few leading title companies by World War II. The post-war boom saw Lawyers Title experience dynamic growth and become the first title company operating nationwide.

Our history is rich with tradition and accomplishment. Yet in many ways, we're just getting started.

In 2008, Lawyers Title became a proud member of the FNF family of companies. FNF collectively represents the largest title insurance and escrow services company in the world and is the #1 leader in financial strength.

And your satisfaction with Lawyers Title is the next step in our continuing success.
